*Boothbay Region
Land Trust seeks
to conserve for
the public benefit
the natural
habitat, scenic
beauty and
working land of
the Boothbay
region.*

EXECUTIVE DIRECTOR STATEMENT

I am continually impressed and humbled by the generosity of our members. The past few years have been very challenging for many of us, yet this annual report paints a wonderful picture of deep-rooted community support. As you can see, even throughout this second year of COVID, financial backing for Boothbay Region Land Trust has remained strong and we've been able to use those funds to improve the quality of life for all Boothbay region residents and visitors.

One of the most impactful developments is the expansion of the universal-access trail system at Oak Point Farm. This type of non-technical, barrier-free trail has a packed gravel surface and is firm and level enough to safely accommodate a wide variety of users, including those with limited mobility or children in strollers. Now, nearly anyone can access the fields, forest and waterfront of Oak Point Farm!

As spring approaches, we look to this summer with enthusiasm and optimism. We are excited to be moving forward with the Boothbay Region Clean Drinking Water Initiative, a collaborative effort to protect the future of our peninsula's public drinking water supply. We are also progressing a conservation project which will expand an existing preserve to improve public access and community connectivity. And, we are working to finalize our calendar of educational events and guided walks. Our plan is to bring back more in-person events including a field and forest family fun-day AND the return of a summer fundraising event!

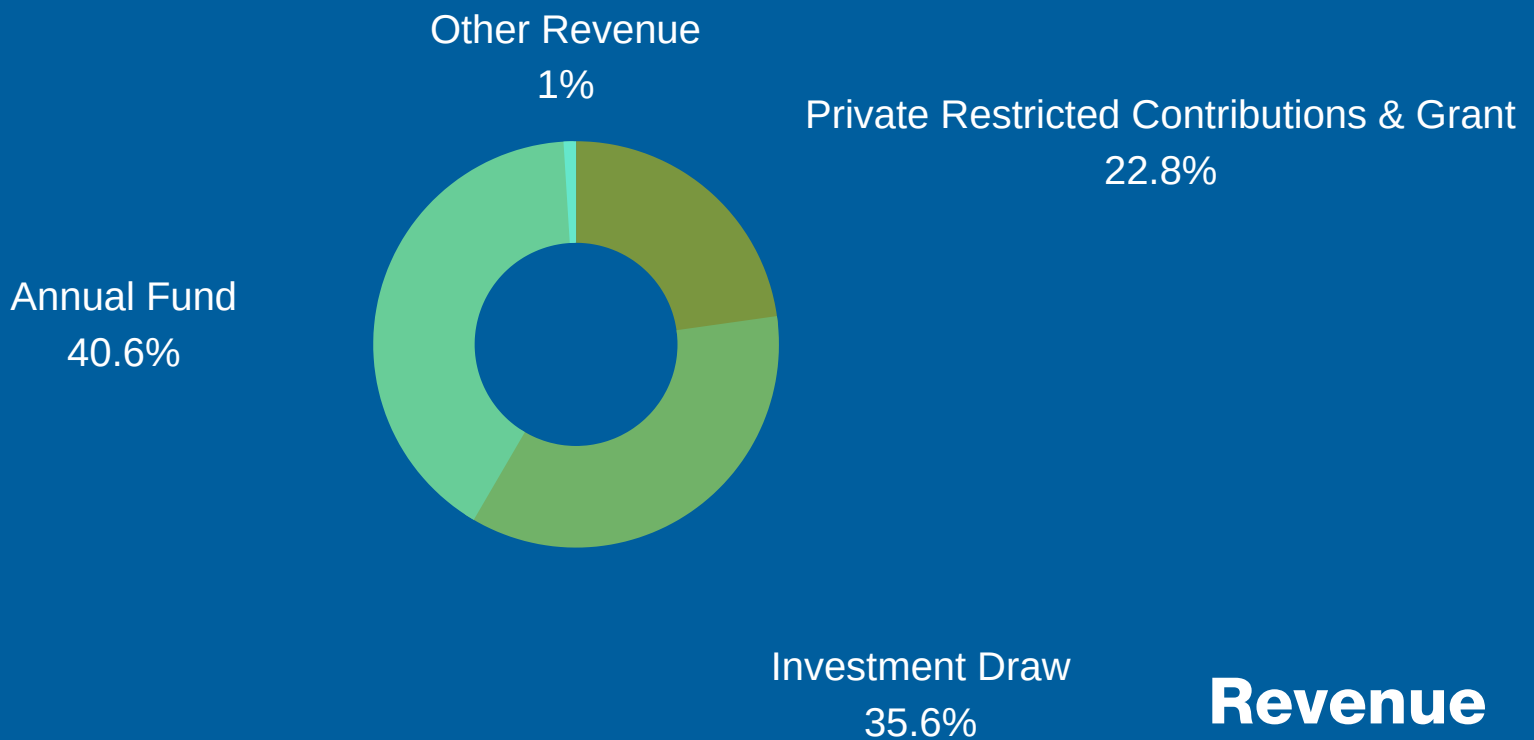

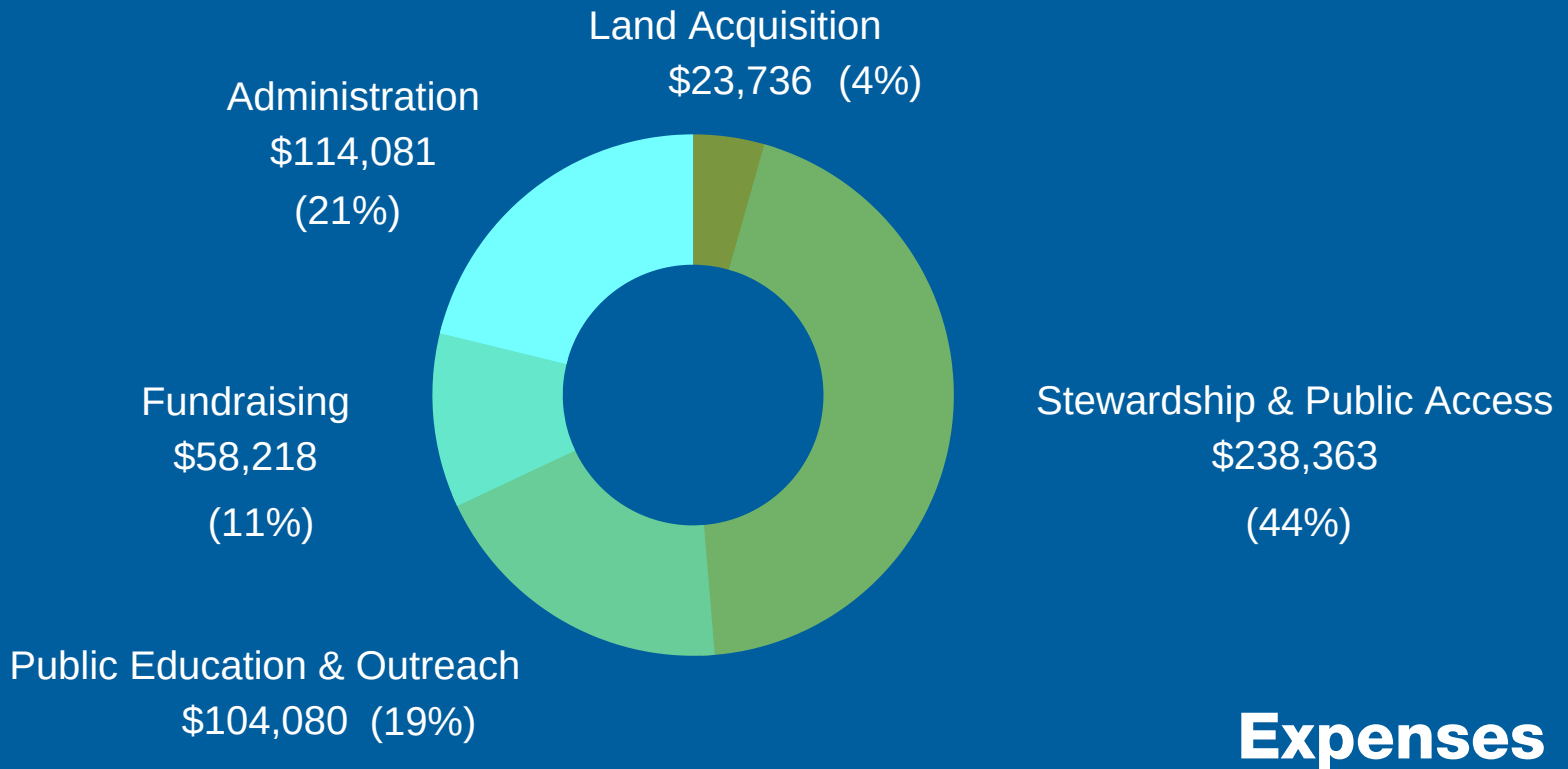

We truly appreciate all of your support and we look forward to seeing you soon!

Happy Trails,

Boothbay Region Land Trust

FINANCIAL STATEMENT

Based on audited financials from the October 2020-September 2021 fiscal year.

Last year's bird breeding season began in April and was monitored on BRLT preserves. Our last active nest box (at Singing Meadows) fledged three young bluebirds on August 24th. The season proved to be very successful for five different bird species.

We monitored 15 individual nest boxes on four BRLT preserves plus three other nests that were built on structures or in shrubs. The nest boxes were located at Lobster Cove Meadow (2), Penny Lake (3), Oak Point Farm (5), and Singing Meadows (5). The other three nests were located at Oak Point Farm (2) & Singing Meadows (1).

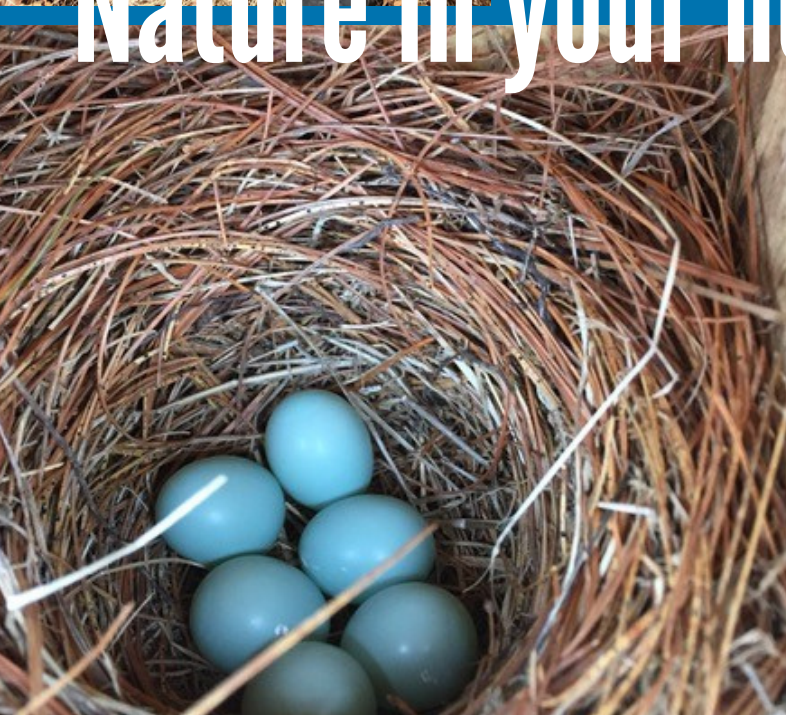

The bird species that bred (or attempted to breed) on our preserves included eastern bluebirds, tree swallows, house wrens, white-breasted nuthatches, eastern phoebes, and a yellow warbler. The yellow warbler is the only species that failed to fledge any young due to nest predation loss. Once again eastern bluebirds were the most successful species, raising & fledging 43 young birds from eight different nest boxes on all four preserves. House wrens were next with 20 fledglings from three nest boxes (all at Penny Lake). Tree swallows were right behind with 19 youngsters fledged on three preserves. A white-breasted nuthatch raised and fledged a single brood of nine young for the second consecutive year at Oak Point. Eastern phoebes raised and fledged at least four young each at Oak Point and Singing Meadows, with the probability of three to four more in a second brood at Oak Point.

In all, the Boothbay peninsula had over 95 new birds of five species from 18 nest sites on BRLT preserves flying around and enriching our world. We hope to increase breeding opportunities this year with a couple of nest boxes at Zak preserve, with a goal of fostering 100 or more new birds to the community.

Want to help with our feathered friends in 2022? Reach out to Communications & Outreach Manager Christine Selman at cselman@bbrlt.org to learn more about our volunteer opportunities!

Oak Point Farm Member Memorial Garden

Oak Point Farm Heritage Orchard & Member Memorial Garden

As a donor to BRLT, you have the option of attributing any gift, of any amount, in memory/honor of family or friends. These gifts are published in our annual report, and include notification of appropriate family members, at your request.

Memorial gifts may also be directed to the Oak Point Farm Member Memorial Garden. A donation of \$500 allows for your departed special person to have his or her name beautifully engraved on blue stone pavers within the garden. Stunning views of the heritage apple orchard and waterfront offer the perfect site for peaceful solitude and reflection for years to come. For more information, or to make a gift, please contact Development Director Skye Wood at vwood@bbrlt.org.
